IFA and IFA2 Charging Methodology Consultation

Dear Market Participants,

National Grid Interconnectors Limited (NGIC) and National Grid IFA2 Limited (NGIFA2) are proposing amendments to the Charging Methodology for the IFA 2000MW HVDC Interconnector and the IFA2 1000MW HVDC Interconnector, both of which connect the British and French electricity transmission systems.

This consultation opens on the date of this letter and will close at 17:00 GMT on 26th August 2025.

Charging Methodology amendments:

The proposed modifications to the Charging Methodology are to the following updates:

1. Inclusion of capacity auctions for 2 years ahead of Intraday
2. Change of reference of NGESO (National Grid ESO) to NESO (National Energy System Operator)
3. Clauses related to secondary trading where capacity that has been resold and is later curtailed, with relevant proceeds to the Registered Participant being adjusted in accordance with the curtailment adjustment process defined in the parallel Access Rules modification proposal.

Consultation documents:

This consultation includes a tracked change version of the proposed modifications for Charging Methodology Statement which can be obtained on the NGIC website, as follows:

<http://ifa1interconnector.com/notices/consultation/>

Consultation responses:

NGIC would like to invite feedback from Customers and Market Parties on the above Charging Methodology amendments.

The latest date for responses to this consultation will be 17:00 GMT on 26th August 2025. All responses should be titled **"Response to IFA/IFA2 Charging Methodology consultation, July 2025"** and are to be submitted via email to Interconnectors.CustomerEnquiries@nationalgrid.com

When responding please state your contact details and whether you are responding as an individual company or representing the views of an association.

If all or part of your response is in relation to either IFA or IFA2 but not both, then please indicate accordingly. Otherwise, we will treat your response as applying to both IFA and IFA2.

Please note that in parallel with this consultation RTE, NGIC are consulting on amendments to the IFA and IFA2 Access Rules, documents for which can also be obtained on the above IFA and IFA2 website.

If you have any questions in relation to any of the above, please contact:

Email: Interconnectors.CustomerEnquiries@nationalgrid.com

Yours faithfully,

Sally Lewis
